

## Automatic Teller Machines (ATM)

People still depend on ATM\$ for CASH.

ATM at your location attracts customers by allowing them to combine banking and shopping into one trip.

ATM\$ Build Sales!

Typical ATM customer spends 20-25% more than a non-ATM customer. Perfect Data Systems can provide custom on-screen advertising and receipt coupon options on your ATM. Cash in hand means spending and buying.

Provides a Competitive Edge

ATM builds customer loyalty by providing services customers expect. ATM acts like a magnet to bring customers in and make them happy.

Value-Added Customer Service

Your customers will enjoy added services with access to inquiries and cash withdrawals from banks and all major credit cards.

Security

Having an ATM from Perfect Data Systems eliminates the need to keep large amounts of cash in your registers or at your service counters. Your customers will appreciate being able to access their cash in a secure, comfortable environment instead of waiting in line at counter.

### Reduce Charge Card Fees \*

\$20,000 each month flowing thru ATM, instead of Charge Card, equals \$380-\$520 in extra saved each month! Increase cashflow with ATM instead of charge cards.

The average surcharge is \$1.75-3.00, but can be set to any amount by you. The surcharge is your money.

300 trans/month X \$2.00 = \$600 profit

ATM monies dispensed are quickly deposited electronically into your account via the bank next day. Funds from Monday will be available on Tuesday; Tuesday's on Wednesday; and Thursday's on Friday. Weekend transactions Saturday-Sunday deposit on Monday. Monthly surcharge total is deposited total lump sum at month end.
