

Installation

Perfect Computers specializes in professional custom installations for Plasma or LCD Flat Panel screens, audio systems, telephone systems and network wiring in commercial and residential facilities since 1990. We will install your equipment and seamlessly hide all connecting wires!

Plasma/LCD installation

Need help to install your Plasma or LCD TV?

Perfect! Computers specializes in custom installation for your Plasma/LCD and audio/video systems. We have more than 16 years of experience!

Perfect! Computers gives you rental options and installation services not available anywhere else! The screen's beautiful color and rich tones make it an excellent addition to any home entertainment system. It also delivers amazing presentation quality with 170 degree visibility and an exceptionally sharp picture, making it easy to see from virtually any angle & distance.

Network Cabling

Perfect! Computers provides CAT5 network cabling for your home and office connectivity needs. When you need a smoothly operating network, you want to make sure the wires are well in place. Perfect! Computers installs a quality foundation on which your systems can operate.

Telephone System Installation

Ready for a new system?

We can help you design and install a phone system that meets your needs and grows with you. If you are in the Santa Barbara area, please give us a call at (805) 217-1984 or Email us.

AV Sound & Satellite Installation

Perfect! Computers offers a full array of AV products and Installation services, simple home/office prewire for the future AV installations or an entire custom whole house sound/AV package with a theater room.

Our professional sound technicians will design a quality system to meet your needs and budget. We can plan for the future in the process to save you money and increase your flexibility to expand your system later.

Perfect! Computers is your one-stop AV resource - We offer the complete AV packages from the design to the installation with electricians, AV Techs, AV Equipment, Network Techs and equipment, and carpenters to build your custom cabinets.

Custom PC System Integration

Perfect! Computers offers expert office system design to meet your current and future needs. Our System Integrators look at your business and plans out the wiring infrastructure, equipment, furniture and software that will best meet your office needs and budget. We offer full service installation from the CAT5 wiring to equipment installation, set-up and configuration. Perfect! Computers knowledgeable technicians are network specialists and offer equipment that will best meet your current and future needs. Our expertise will save time and money.

WE DO RESIDENTIAL & COMMERCIAL INSTALLATIONS!

For questions regarding products, services and pricing, please call (805) 967-2557 or Email Us and an Agent will work with you to determine your best option based on your situation, time requirements, location and budget.
